

AdTrakker™ Toll-Free Voice System

STEP 1 Review System Features

AdTrakker System \$24.95 A Month

Includes:

- Personal nationwide toll-free number from 6.9¢ a minute – as low as 4.5¢ a minute in bulk plans to save you money
- Caller ID capture, even on blocked calls; name/address available
- Professionally designed and tested marketing library including instructions, scripts, and templates
- WebLink Web Interface – configure your AdTrakker and manage your messages from anywhere in the world
- 5 Series of “Mirrored Extensions” allow you to easily track marketing effectiveness. For example, you can record a message and store a fax in extension 121 and have the same recording and fax available in extensions 221, 321, 421, and 521
- Powerful Statistics Package lets you to see how callers found you, how they’re using your voice system. and how many “hits” you’ve had on each 3-digit extension
- RecordEASE™ - record an extension or attach a fax simply by pressing star
- “Follow Me” Live Call Transfer will find you according to the telephone numbers you list and your schedule
- No limit to the number of messages (messages stored for 30 days)
- Cardless Calling Card—only 11.3¢ a minute!
- Call Return while listening to voicemail calls the person that left the message at the number they called from
- Email delivery of voice/fax messages to save you time and money
- WebLink interface allows you to check your messages, add or delete call forwarding numbers, and much more all from one website!
- Can call or page you to let you know you have a message
